

IMAK[®]
RSI

effective products for
repetitive strain injuries

WrisTimerPM[®]

Designed by an Orthopedic Specialist

Used for:

Repetitive Stress Injuries

Post-op Rehab

Carpal Tunnel Syndrome

Improving patient compliance at night

Key benefits:

Dorsal application allows a comfortable fit and prevents flexion of the wrist

Maintains neutral wrist positioning during sleep

The aluminum stay holds the wrist in a neutral position

One size fits all

Item numbers:

60500 (Universal)

Washable • Not made with natural rubber latex

Therapeutic treatment for night

WrisTimer PM wrist support provides therapeutic treatment during the night while allowing a comfortable fit to prevent flexion of the wrist. The aluminum stay holds the wrist in a neutral position to reduce inflammation and provide support.
