

# Soft Disposable Cuffs

## Single-Patient Use

Infection control is a critical part of patient care, and having the right blood pressure cuff to support your efforts is extremely important. That's why we have created a full line of disposable BP cuffs, made with a soft, yet durable fabric that ensures patient comfort and reliability. With a tapered shape for easy and accurate application, there's even a place to write your patient's name directly on the cuff!

**Patient Identification:** Dedicated location for single patient identification. Minimize cross-contamination.

**Cuff Standardization Program (CSP):** Expertise in standardizing your facility on one cuff connector; one cuff, any patient, any monitor, any department.

**Economical:** Priced to support single-patient use, particularly where infection control is a concern.

**Patient Comfort:** Softer materials, tapered end and rounded edges provide a gentle cuff solution.

**Ease of Use:** Tapered end for easier cuff application. Color-coded for quick size selection. Interior & exterior range indicators ensure accurate cuff sizing and fit.

**Durability:** Value in a durable, single-piece design for multiple inflations.

**Reliable Performance:** 100% leak tested for trust, value, and reliability.

**Regulatory:** Engineered to meet AHA, AAMI-SP10, and MDD guidelines for results you can trust.

**Material:** Not made with natural rubber latex to promote patient safety.
