PurpleStylet™

Single-Use Rigid Stylet

The **PurpleStylet™** Single-Use Rigid Stylet offers a Safe Strong alternative to metal versions. Designed to help enable the placement of an endotracheal tube during intubation, the rigidity helps the user manipulate the tube as desired with the right amount of flex to facilitate removal.

The **PurpleStylet™** provides the performance of reusable, while presenting the opportunity to substantially reduce the potential for infection associated with reusable alternatives.

- The **PurpleStylet™** angle complements common video instruments to help facilitate quick placement of an endotracheal tube.
- Packaged Sterile or Clean Non-Sterile to meet your facility requirements.
- For use in 6.0 mm and larger endotracheal tubes.
- Recycle program friendly to reduce medical waste.
- Eliminates the risk of reprocessing cross contamination.
