by MCARTHUR MEDICAL

NUBRE™ Feeding Tubes

NUBRE™ offers the finest enteral feeding products for the neonatal and pediatric populations.

NUBRE™ feeding tubes are available with ENFit® and enteral-safe connectors ranging in sizes from 4-12FR in both Polyurethane (PU) and PVC materials. The integrated cap covers the feeding tube while not in use but still allows visibility of the port. Radiopaque strip, bold markings, open distal tip and lateral eyes improve insertion and nutrition delivery.

PU FEEDING TUBES - ORANGE
