

Narrow Zero-Resistance® Specialty Feeding System

Designed to assist in the management and treatment of complicated oral feeding issues requiring a compression nipple. This may include conditions such as cleft lip/palate, tongue tie, lip tie, oro-neuromotor dysfunctions, congenital heart disease, or craniofacial anomalies.

- Promotes “Infant-Directed” feedings
- Typical feeding bottle design; fully reusable
- Helps decrease gassiness/air intake and burping with non-squeeze method
- Assembled with an Infant-Paced Feeding Valve and Level 1 Narrow Nipple
- Compatible with any of the Dr. Brown's Narrow Nipples
- Dishwasher, microwave steam bag, and steam sterilization (autoclave) safe
- Each bottle system purchased comes with 1 extra Infant-Paced Feeding Valve
- Infant-Paced Feeding Valves are not available for individual purchase
- BPA free
- Preferred by parents and medical professionals
